*Don Ross, Wainwright Investments Counsel*

As of December 31, 2021, the Employees Retirement Plan had a balance of $108,731,055, this is an increase of around $2 million in the 4th quarter. The cash balance was $1.1 million. The Sheriff’s Office Pension Plan had a balance of $137,590,388, this is an increase of about $5 million in the 4th quarter. The cash balance was $2.1 million. OPEB had a balance of $184,547,600, this is an increase of around $12 million in the 4th quarter. The cash balance was $10 million.

Don Ross discussed reallocation of funds for OPEB. Don Recommended adding $2 million to private equity, $2 million to real estate, $750,000 to Russell 1000 Value fund and $1.5 million to mid-cap value fund. This is a total of $6.25 million. Kevin Michael stated he was uncomfortable with having over $10 million in cash. Sharon Strand noted that there will be an addition of another $3.7 million to OPEB soon. Don Ross noted that the private equity contribution would happen over time and the real estate commitment will be called in the summer.

Don Ross recommended the Employees Retirement Plan rebalance by moving $1 million to Real Estate and $1 million to private equity. Don Ross Recommended the Sheriff’s Office Pension Plan allocate an additional $2 million to real estate and $1.5 million to private equities. Don Ross noted that the Sheriff’s Office Pension Plan reduced their high yield target, and it is still slightly over target. This could be used for a portion of these commitments.

Don Ross recommended further discussion and a vote on recommendations after the presentation from Lexington Partners.

They are projected to be around target by mid-year and will have closings through 2022. Kevin Michael asked if there have been any philosophy changes.
