DATE: November 1, 2016
SUBJECT: Adequate Public Facilities Report for Schools – November 1, 2016

Background

Adequate public facilities (APF) regulations are a growth management tool that restricts development in areas where facilities are inadequate. Calvert County adopted APF regulations for schools and roads in 1988. The Calvert County Zoning Ordinance states in Article 7-1.05 D.1 that “Schools are adequate when all public elementary and secondary schools which will serve the proposed residential subdivision or residential development will accommodate the pupil yield from that residential subdivision or residential development without exceeding 100 percent of the rated capacity of any of those schools.” If facilities are identified as having inadequate capacity, the Department of Community Planning and Building notifies the Planning Commission and the County Commissioners.

The Zoning Ordinance limits the delay of final approval of a residential subdivision or residential development due solely to the lack of adequate school capacity to seven years from the date of preliminary approval. The calculations for determining the elementary, middle, and high school APF rated capacities are specified in the Zoning Ordinance. Determination of school adequacy is not required for non-residential subdivisions or age-restricted housing communities. Parcels that meet certain criteria listed in the Zoning Ordinance are exempt from APF requirements for schools (Article 7-1.05. F). For example, for parcels eligible for more than five lots, the first three parcels to be created for residential purposes for any parcel on record as of February 23, 1988 are exempt from APF requirements.

The Calvert County APF regulations do not apply within the municipalities of Chesapeake Beach and North Beach, since they have their own planning and zoning authority. The municipalities have not adopted APF regulations for schools or roads.

Discussion

Five of Calvert County’s public schools are deemed to have inadequate capacity, exceeding 100% of the County’s APF rated capacities for those schools (Attachment 1, Enrollments Compared with APF Rated Capacities, Fall 2016). The following elementary, middle and high schools have inadequate APF capacities:

Beach Elementary	106.2%
Mt. Harmony Elementary	104.1%
Northern Middle	101.2%
Calvert High	100.8%
Northern High	116.3%

Since the Spring 2016 report, there have been changes to the open/close status of Calvert County schools: the number of schools over 100% capacity increased from three to five schools.

The attached chart shows the Fall 2016 enrollments compared with APF rated capacities for each school. The Calvert County Public School staff provided the enrollment counts and the Career and Technology Academy attendance. There were no changes to the number of elementary school classrooms and the number of middle and high school teaching stations. Refer to Attachments 2, 3, and 4. A chart showing the calculation for each school's APF rated capacity is shown in Attachment 5. Historic opening and closing of school districts is shown in Attachment 6.

Maps showing elementary, middle, and high school district status and a composite map of all school levels that are over 100% capacity are attached (Attachments 9, 10, 11 and 12). The maps are for illustrative purposes. The Calvert County Public Schools' written descriptions of school district boundaries determine which school districts serve a residential subdivision or residential development. If there is a question regarding which school district serves a parcel, the Calvert County Public Schools makes the final determination.

Elementary Schools

Of the 12 elementary schools, Beach Elementary is over capacity at 106.2%, and Mt. Harmony Elementary is over capacity at 104.1%. Windy Hill Elementary is between 90 and 99.9% capacity. The other nine elementary schools are below 90% capacity.

Middle Schools

Of the six middle schools, Northern Middle is over capacity at 101.2%. Windy Hill Middle is between 90% and 99.9% capacity. The other four middle schools are below 90% capacity.

High Schools

Of the four high schools, Calvert High is over capacity at 100.8%, and Northern High is over capacity at 116.3%. The other two high schools are below 90% capacity.

Schools Approaching 100% Capacity

The number of lots/units that may be recorded is limited based upon the pupil yield by school level and housing type, which are detailed in the Zoning Ordinance.

Student Transfer Analysis

In August, 2011, the Board of County Commissioners requested staff include in future reports an analysis of the impact of the Calvert County Public School's policy regarding student transfers on the APF school capacities. Calvert County Public Schools provided a chart of student transfers for each school (Attachment 7). For Fall of 2016, if the net effect of student transfers were taken into account (meaning if the transfers had not occurred and students remained in the school district in which they live), student transfers would have an impact on whether a school district were opened or closed to the recording of residential subdivisions or residential development. If student transfers had not occurred, Mt. Harmony Elementary and Northern Middle would be undercapacity. Student transfers would have no impact on the status of Beach Elementary, Calvert High or Northern High since both schools are overcapacity and would remain overcapacity with student transfers. Refer to the *Enrollments Compared with APF Rated Capacities, Student Transfers* (Attachment 8).

Conclusion

For your information. The next report will be the April 1, 2017.

Fiscal Impact

N/A

Notes:

1. High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.
2. FTEs for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).
3. As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately, and referred to as "Appeal Elementary" and "Patuxent Elementary."

Notes:

- High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.
- Full Time Equivalents (FTEs) for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).
- As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately and referred to as "Appeal Elementary" and "Patuxent Elementary."

Based upon information provided by the Calvert County Public Schools, September 2016

Enrollment and Career and Technology Academy attendance as of September 2016
