DATE: April 1, 2019
SUBJECT: Adequate Public Facilities Report for Schools – April 1, 2019

Background:

Adequate public facilities (APF) regulations are a growth management tool that restricts development in areas where facilities are inadequate. Calvert County adopted APF regulations for schools and roads in 1988. The Calvert County Zoning Ordinance states in Article 7-1.05 D.1 that “Schools are adequate when all public elementary and secondary schools which will serve the proposed residential subdivision or residential development will accommodate the pupil yield from that residential subdivision or residential development without exceeding 100 percent of the rated capacity of any of those schools.” If facilities are identified as having inadequate capacity, the Department of Planning & Zoning notifies the Planning Commission and the County Commissioners.

The Zoning Ordinance limits the delay of final approval of a residential subdivision or residential development due solely to the lack of adequate school capacity to six years from the date of preliminary approval. The calculations for determining the elementary, middle, and high school APF rated capacities are specified in the Zoning Ordinance. Determination of school adequacy is not required for non-residential subdivisions or age-restricted housing communities. Subdivisions or parcels that meet certain criteria listed in the Zoning Ordinance are exempt from APF requirements for schools (Article 7-1.05. F).

The municipalities of Chesapeake Beach and North Beach have their own planning and zoning authority. The Calvert County APF regulations do not apply within the municipalities. Neither municipality has adopted APF regulations for schools or roads.

Discussion:

Since the fall 2018 report, there was a change to the open/close status of Calvert County schools. Northern Middle School’s enrollment is now above 100% of its APF rated capacity.

Three of Calvert County’s public schools are deemed to have inadequate capacity, exceeding 100% of the county’s APF rated capacities for those schools (Attachment 1, Enrollments Compared with APF Rated Capacities, Spring 2019).

The following schools have inadequate APF capacities:

Mt. Harmony Elementary	109.9%
Northern Middle	100.7%
Northern High	101.0%

The attached chart shows the spring 2019 enrollments compared with APF rated capacities for each school. The Calvert County Public School staff provided the enrollment counts and the Career and Technology Academy attendance.

In January 2019, the number of regular teaching stations at Northern High increased from 56 to 65 due to the new high school opening. This increase in capacity was taken into account when calculating the percent of rated capacity for spring 2019. One more classroom will be added to the number of regular teaching stations at Northern High by spring 2020 to bring the total number of regular teaching stations at Northern High to 66.

For enrollment and teaching station data for each school refer to Attachments 2, 3, and 4. A chart showing the calculation for each school's APF rated capacity is shown in Attachment 5. Historic opening and closing of school districts is shown in Attachment 6.

Maps showing elementary, middle, and high school district status and a composite map of all school levels that are over 100% capacity are attached (Attachments 9, 10, 11 and 12). The maps are for illustrative purposes. The Calvert County Public Schools' written descriptions of school district boundaries determine which school districts serve a residential subdivision or residential development. If there is a question regarding which school district serves a parcel, the Calvert County Public Schools makes the final determination.

Elementary Schools

Of the 12 elementary schools, Mt. Harmony Elementary is over capacity at 109.9%. Beach Elementary, Plum Point Elementary, and Windy Hill Elementary are between 90 and 99.9% capacity. The other elementary schools are below 90% capacity.

Middle Schools

Of the six middle schools, Northern Middle is over capacity at 100.7%. Windy Hill Middle is between 90% and 99.9% capacity. The other middle schools are below 90% capacity.

High Schools

Of the four high schools, Northern High is over capacity at 101.0%. Huntingtown High is between 90% and 99.9% capacity. The other high schools are below 90% capacity.

Schools Approaching 100% Capacity

The number of lots/units that may be recorded is limited based upon the pupil yield by school level and housing type, which are detailed in the Zoning Ordinance.

Student Transfer Analysis

In August 2011, the Board of County Commissioners requested staff include in future reports an analysis of the impact Calvert County Public School's policy regarding student transfers has on the APF school capacities. Calvert County Public Schools provided a chart of student transfers for each school for the spring of 2019 (Attachment 7).

For spring of 2019, if the net effect of student transfers were taken into account (meaning if the transfers had not occurred and students remained in the school district in which they live), student transfers would have an impact on whether a school district is to be opened or closed to the recording of residential subdivisions or residential development. If student transfers had not occurred, Mt. Harmony Elementary and Northern Middle would be under capacity, and Beach Elementary would be over capacity. Student transfers would have no impact on the status of Northern High since it is over capacity and would remain over capacity without student transfers. Refer to the Enrollments Compared with APF Rated Capacities, Student Transfers (Attachment 8).

Fiscal Impact

N/A

Conclusion/Recommendation:

For your information. The next report will be the November 1, 2019 report.

Notes:

- High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period
 - FTEs for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).
 - As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately, and referred to as "Appeal Elementary" and "Patuxent Elementary."
- Based upon information provided by the Calvert County Board of Education, Spring 2019
Enrollment and Career and Technology Academy attendance as of Spring 2019

Notes:

1. High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.

2. Full Time Equivalents (FTEs) for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).

3. As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately and referred to as "Appeal Elementary" and "Patuxent Elementary."
