FROM: Jesse Clark, Planner I
DATE: March 27, 2023
SUBJECT: Adequate Public Facilities Report for Schools – April 1, 2023

Background:

Adequate public facilities (APF) regulations are a growth management tool that restricts development in areas where facilities are inadequate. Calvert County adopted APF regulations for schools and roads in 1988. In December 2023, the Board of County Commissioners incorporated APF regulations for schools into the Calvert County Code (the “Code”). The Code states in Chapter 3, Article V, §3-8B that “Schools shall be considered adequate if the enrollment for each public school serving the development is less than 100% of the local-rated capacity.”

Per the Planning Commission’s Policies for Administering Subdivisions under the Adequate Public Facilities Ordinance (APFO) for School Capacity (adopted July 19, 2006), “School adequacy reports are issued from Planning & Zoning April 1 and November 1 of every year (Section I).”

The Code limits the delay of final approval of a residential subdivision or residential development due solely to the lack of adequate school capacity to six years from the date of preliminary approval. The calculations for determining the elementary, middle, and high school APF rated capacities are specified in the Code. Determination of school adequacy is not required for non-residential subdivisions. Age-restricted housing communities meeting the requirements of the Calvert County Zoning Ordinance are exempt from school adequacy requirements. Subdivisions or parcels that meet certain criteria listed in the Zoning Ordinance are exempt from APF requirements for schools (Chapter 3, Article I, §3-1 D.5).

The municipalities of Chesapeake Beach and North Beach have their own planning and zoning authority. The Calvert County APF regulations do not apply within the municipalities. Neither municipality has adopted APF regulations for schools or roads.

Discussion:

Since the Fall 2022 report, there were no changes to the open/close status of Calvert County schools.

One of Calvert County’s public schools continues to be deemed to have inadequate capacity, exceeding 100% of the county’s APF rated capacities for that school (Attachment 1, Enrollments Compared with APF Rated Capacities, Spring 2023).

The following school has an inadequate APF capacity:

Mt. Harmony Elementary 102.3%

The attached chart shows the spring 2023 enrollments compared with APF rated capacities for each school. The Calvert County Public School staff provided the enrollment counts and the Career and Technology Academy attendance and confirmed the number of classroom/teaching stations.

According to Chapter 3, Article V, §3-8C of the Calvert County Code, there is a specific methodology in calculating elementary school capacity. Pre-K capacity is calculated by the number of classrooms multiplied by 20. Kindergarten uses the same methodology, but the total is multiplied by 22 instead. Grades 1-5 use a multiple of 23 and special education uses a multiple of 10. This methodology does not count non-classroom areas (such as libraries, media centers, physical education rooms, assembly halls, art rooms, music rooms, relocatable classrooms, etc.).

For enrollment and teaching station data for each school refer to Attachments 2, 3, and 4. A chart showing the calculation for each school's APF rated capacity is shown in Attachment 5. Historic opening and closing of school districts are shown in Attachment 6.

Maps showing elementary, middle, and high school district status and a composite map of all school levels that are over 100% capacity are attached (Attachments 9, 10, 11 and 12). The maps are for illustrative purposes. The Calvert County Public Schools' written descriptions of school district boundaries determine which school districts serve a residential subdivision or residential development. If there is a question regarding which school district serves a parcel, the Calvert County Public Schools makes the final determination.

Elementary Schools

Of the 12 elementary schools, Mt. Harmony Elementary is over capacity at 102.3%. Barstow Elementary, Beach Elementary, and Plum Point Elementary are between 90 and 99.9% capacity. The other elementary schools are below 90% capacity.

Middle Schools

Of the six middle schools, none of them are over capacity. Northern Middle is between 90% and 99.9% capacity. The other middle schools are below 90% capacity.

High Schools

Of the four high schools, none of them are over capacity. Northern High is between 90% and 99.9% capacity. The other high schools are below 90% capacity.

Schools at or Approaching 100% Capacity

The number of lots/units that may be recorded is limited based upon the pupil yield by school level and housing type, which are detailed in the Calvert County Code.

Student Transfer Analysis

In August 2011, the Board of County Commissioners requested staff include in future reports an analysis of the impact Calvert County Public Schools' policy regarding student transfers has on the APF school capacities. Calvert County Public Schools provided a chart of student transfers for each school for spring of 2022 (Attachment 7).

For spring of 2023, if the net effect of student transfers were not taken into account (meaning if the transfers had not occurred and students remained in the school district in which they live), student transfers would have

an impact on whether a school district is to be opened or closed to the recording of residential subdivisions or residential development. If student transfers had not occurred, Mt. Harmony Elementary would be under capacity at 86.1% instead of over capacity at 102.3%, and Beach Elementary would be over capacity at 102.4% instead of under capacity at 94.1%. Refer to the Enrollments Compared with APF Rated Capacities, Student Transfers (Attachment 8).

Fiscal Impact:

N/A

Conclusion/Recommendation:

For your information. The next report will be the November 1, 2023 report.

Notes:

- High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.
- FTEs for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).
- As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately, and referred to as "Appeal Elementary" and "Patuxent Elementary."

Notes:

- High school capacities include the lower number of students attending the morning or afternoon session of the Career and Technology Academy at the beginning of the grading period.
- Full Time Equivalents (FTEs) for Pre-K and Special Pre-K are included in elementary school enrollments. Kindergarten students attend full day (policy began in 2006-07 school year).
- As of Fall 2015, Patuxent Elementary and Appeal Elementary schools are reported as one school, Patuxent Appeal Campus. In previous reports, the schools were reported separately and referred to as "Appeal Elementary" and "Patuxent Elementary."

Based upon information provided by the Calvert County Public Schools, Spring 2023

Enrollment and Career and Technology Academy attendance as of Spring 2023

Prepared by the Department of Planning & Zoning, Spring 2023.
